

“This is my best source for information on legislation affecting older adults in Ohio. Thank you.”

— A Current Associate

“The Legislative Bulletins are very easy to read and understand. They keep us up-to-date on what we need to know.”

— A Current Associate

Ohio Association of
Area Agencies on Aging

Associates Program

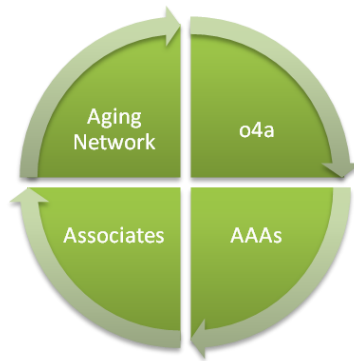

Your Link to Information and
Services for Aging Ohioans
for over 35 years!

Join us in protecting and advocating for aging Ohioans through the o4a Associate Membership!

For years, the Area Agencies on Aging (AAAs) have been leaders in the aging network. The Ohio Association of Area Agencies on Aging (o4a) has played a critical role in supporting the Area Agencies on Aging by providing them with the information, analysis, and resources necessary to be at the forefront of aging related policy and budget decisions.

Associates receive the same critical and timely information and services that Area Agencies on Aging receive from o4a. Through the Associates program, o4a will:

- Strengthen and unite the aging network
- Inform your organization of critical policy issues
- Provide your organization with the resources and education necessary to be a leader in the aging network

Partnership that works!

**Get Access to your target audience.
Value. Connections. Opportunity.**

Tiered Membership Structure...YOU Choose your level of involvement from the following three straightforward options:
