

“Seizing our Moment” for Aging

Jamie Carmichael

Chief Program Officer

Ohio Department of Aging

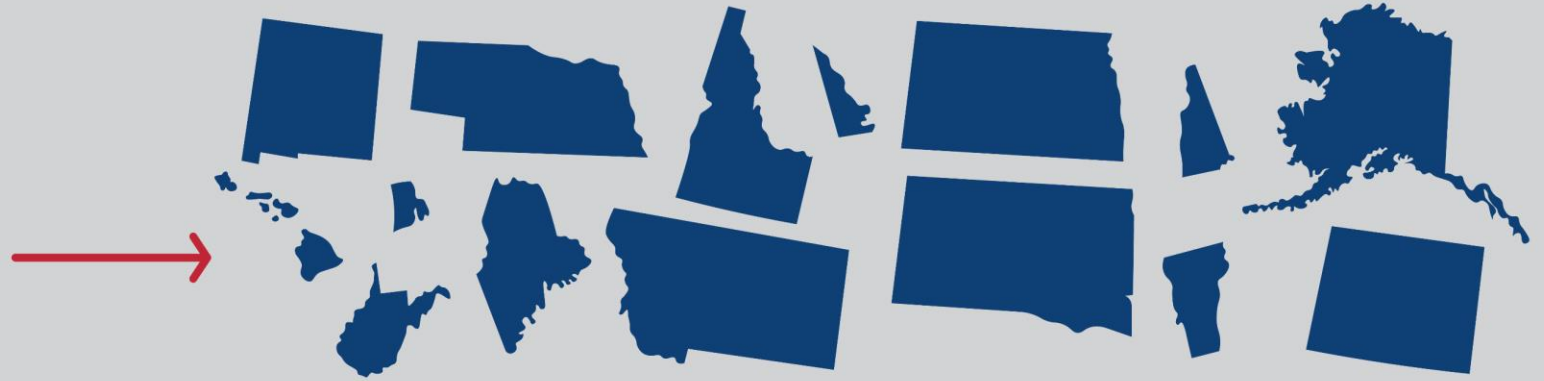

**Department of
Aging**

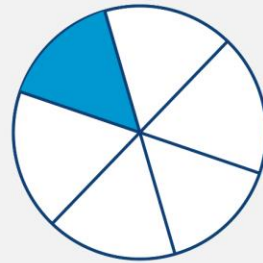

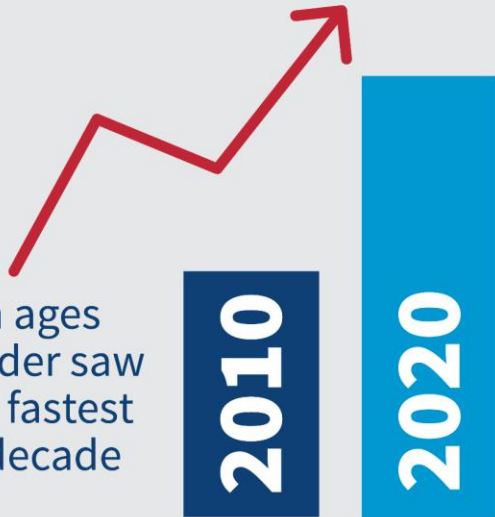

In Ohio
2.8M
 Older Adults

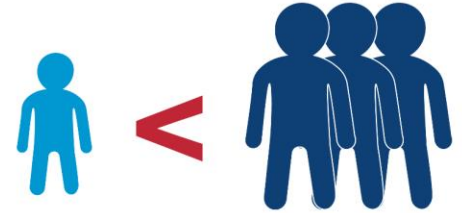

That's more than the total population of 15 states!

In the U.S.

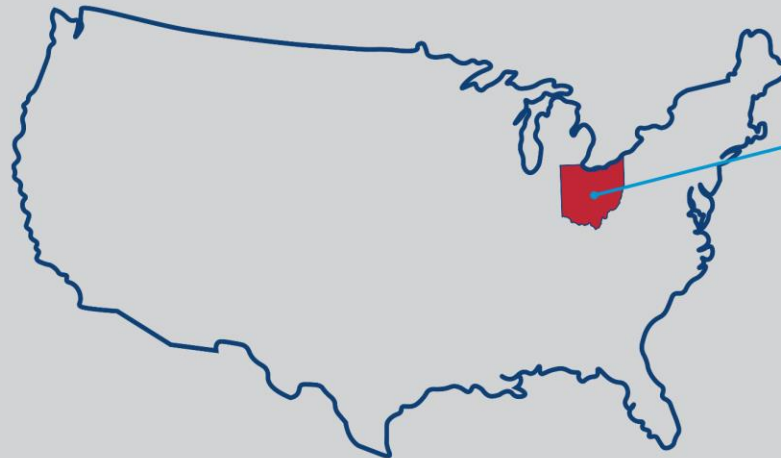

Our population ages 65 years and older saw the largest and fastest growth in any decade since 1880.

Today,
1 in 6
 65+ in the US

Demographers predict that we are on track to have **more older Americans than children.**

Ohio has the nation's **6th largest population** aged 65 and older.

In Ohio, there is a 29 year life expectancy gap depending on the zip code where a person lives.

Quality and Experience

When choosing a nursing home, you can consider the quality of care provided and the overall resident experience. Clinical measures and inspection reports (federal data) provide a view on the level of care provided. Satisfaction surveys (Ohio data) provide insight into the nursing experience by both residents and family members.

Information provided by the resident satisfaction survey

Resident satisfaction score (i) **83.3 / 100**

[See detailed satisfaction scores](#)

Above OH state average
(OH state average: 78.7)

Cleanliness of nursing home (i) **96.3 / 100**

Above OH state average
(OH State Average: 93.7)

Food quality (i) **80.8 / 100**

Above OH state average
(OH State Average: 71.2)

Information provided by the family satisfaction survey

Family satisfaction score (i) **62.2 / 100**

Below OH state average
(OH state average: 73.7)

Peace of mind for family about care resident is getting (i) **60.5 / 100**

(OH state average: 73.1)

Family would highly recommend this nursing home (i) **66.7 / 100**

(OH state average: 70.0)

Information provided by CMS
